

GPS – Student Self Evaluation

Student _____

Agency _____

Please realistically indicate what you think your level of skill is in the following areas of GPS use. Use a rating system of 1 to 5, with 1 as the lowest level and 5 as the highest level. This information will help the instructors decide what material to cover and whether to offer additional refresher training sessions.

Skills for the Garmin GPS (GPS- 60 CSx, Rino 530 HCx or Equiv Models)	Answer or Rating (1 - 5)
Do you own your own GPS? (What brand if not Garmin)	
Do you have a GPS with you? (Please indicate whether it is your own, a task force issued one or a USACE issued one, and what model it is).	
Does the GPS have maps loaded on to it?	
Your ability to perform the initial set-up of the GPS: enable WAAS and set coordinate system?	
Understand the various coordinate systems: DMS, UTM, MGRS, USNG	
Understand the various datums: NAD27, NAD83, WGS84	
Report Current Position in various Coordinate systems: Hdd.mm.ss, Hdd.mm.mmm, MGRS
